**First International Workshop on**  
**Regional ocean numerical simulation and observation**  
**First Announcement**

To enhance the communications and cooperation in the regional oceanic research community, the College of Marine Science, Nanjing University of Information Science and Technology will host the first International workshop on “Regional ocean numerical simulation and observation” at Nanjing, China on May 30-31, 2016.

In the workshop, there will be plenary lectures, oral and poster sessions, covering 1) Regional oceanic numerical modeling; 2) Mesoscale air-sea interaction; 3) Flow instability and mixing; 4) coastal and regional observations; 5) Coastal and regional oceanic data assimilation and forecast.

The detailed information about the symposium is as follows:

1. Time: May 30-31, 2016
2. Address: Nanjing University of Information Science and Technology; No. 219, Ningliu Road, Nanjing
3. Sponsors: Science and Technology Office and College of Marine Science, Nanjing University of Information Science and Technology  
Organizer: Oceanic Modeling and Observation Laboratory (omol.nuist.edu.cn)
4. Conveners: Profs. Changming Dong and Xiaochun Wang
5. Registration Time: May 29, 2016
6. Registration Site: Nanqi Hotel (inside campus)
7. Way to attend:

We cordially welcome researchers and graduate students to attend the symposium. Transportation and accommodation expenses need to be covered by the attendees. Accommodation will be arranged by the organizer.

If you are interested, please fill out the registration form and email it to yhcao\_nuist@163.com, or jackieyy@outlook.com **before May 15, 2016**. Attendees who would like to present need to fill in the title and abstract.
